

PLATINY RETURNS TO GD CHAVES

26 JUL 2024

Higor Platiny is back at GD Chaves. This is the third time the forward has represented the team from Chaves, and his goal is once again to help them move up a division.

After a season at Marítimo, where he came very close to promotion, Platiny will try to add another page to his story, having already been promoted while playing for Chaves and also when he played for Moreirense.

Last season, Platiny scored 9 goals and provided 3 assists in the Liga 2.
