

TARANTINI SECURES PAREDES' SURVIVAL IN LIGA 3

21 APR 2026

Paredes confirmed this weekend that they will remain in Liga 3.

Tarantini was the architect of this achievement, a first in the club's history. On its social media, the club highlighted that this milestone "reflects the work, resilience, and unity of everyone, both on and off the field."

The coach, who had already secured promotion last season, narrowly missed out on access to the Liga 2 promotion zone, but didn't falter in the survival phase.

Vasco Rocha, who participated in 19 games, and Balelo, with 23 games and 10 goals scored, also celebrated the team's survival.

In the last round, Paredes drew 0-0 against São João Ver, but the combination of other results mathematically guaranteed their survival.
